White Skiers Cheer

"The Middle" from Jimmy Eat World

Hey, look up at the mountain
The White Skiers are gliding down to win, this color war
We'll hit the slopes, while you cry in the sand
We're charging quickly down the black diamond, you stand no chance

Now White- it's our time
Grab your poles, we're skiing towards the finish line
Down the slopes, on the field blue can't provide
There's no doubt, hear us scream and shout Go White, Go White

Whites, taking bucket brigade
In Rope Burn, Apache and Tug O War, your loss was planned
You tried your best, but, blue you've just wiped out
We're standing on top of the podium (we're on top) Trophy in hand

Now White- it's our time
Grab your poles, we're skiing towards the finish line
Down the slopes, on the field blue can't provide
There's no doubt, hear us scream and shout Go White, Go White

Blue you're out of time
In every event you know you can't deny
Skiers are dominating, step aside
Surfers stay worried cause you've lost this fight, that's right!

Blue, don't wax your boards just yet
The beach is freezing and the tides rolled out (tides rolled out)
you're lost at sea

The snows falling, the blizzards kicking up
And in your bathing suits you won't survive- RRD-SKI

Blue you're out of time
In every event you know you can't deny
Skiers are dominating, step aside
Surfers stay worried cause you've lost this fight, that's right!

We're taking home the gold
Blue just bundle up cause you can't take the cold
White takes the victory it just sounds right
Color War champions will be the White!

White Skiers March

"Emperors New Clothes" By Panic! at the Disco

Fear the whiteout, hear as we shout

Welcome to the final showdown
Pros and kooks meet one last time
There's no chance you'll see us slowdown
Carving towards the finish line

If you feel cold, you see snow, run and hide
On your boards you'll shake and shiver,
you might just see a shark tonight
And if you don't know, now you know

We're taking home the crown
The surfers have retreated
In this war you're defeated
(Fear the whiteout, hear as we shout)
Oh yeah

The crown, we're so close, we can taste it
You missed the swell, just face it
(Fear the whiteout, hear as we shout)
Oh yeah

As the beach is freezing over
You've realized you won't survive
Boards are cracked and fins are broken
Up the slopes you'll have to climb

Through the snowstorm, as ice forms, you'll slip and slide
Your wipeout will be remembered, but no one noticed that you tried

You're getting buried in the snow

We're taking home the crown
The surfers have retreated
In this war you're defeated
(Fear the whiteout, hear as we shout)
Oh yeah

The crown, we're so close, we can taste it
You missed the swell, just face it
(Fear the whiteout, hear as we shout)
Oh yeah

Watch the avalanche is coming
To bury your surf side town
From the ski lift we are watching
As your world turns upside down

Oh, yeah, oh, oh, oh, oh-oh-oh, oh-oh
(Fear the whiteout, hear as we shout)

Better run, better run before you drown
The tide's rolled out to take you
And no one's here to save blue
(Watch the whiteout, hear as we shout)
Hey Blue

You're down, you weren't on our level
In our vic'try we'll revel
(Fear the whiteout, hear as we shout)
Hey Blue

Check the scoreboard, you are no more,

White's the victor, we've won this war!

White Skiers Alma Mater

"I'll Always Remember You" by Hannah Montana

We always knew this day would come,
Reunited back as one
Side by side and standing strong
Blue and White, where we belong

Reflecting back on camp this year
There was laughter, there were tears
We never thought we'd walk away
With so much joy, we want to stay
And it's so hard to say "goodbye"

When camp days are done,
And the school year has begun,
We hold on to every moment,
The bonds we made, unbroken.
Those long summer days,
They make it hard to part ways,
And we'll live 10- for 2 forever,
Together as White and Blue.

Sharing times we'd never trade,
Side by side we rode the wave
All of the friendships we have made
Are memories we'll always save

Don't want to leave as they close the gates
Cus this summer's been so great
We sign our shirts, and as we cry
We stop and ask ourselves why
We even have to say goodbye

When camp days are done,
And the school year has begun,
We hold on to every moment,
The bonds we made, unbroken.
Those long summer days,
They make it hard to part ways,
And we'll live 10- for 2 forever,
Together as White and Blue.

Through the snow, and the frost
Our good times, are not lost
We'll hold them close inside

All the love that we shared
Nothing else, could compare
To this wild ride

Yeah, the time, went so fast
We smiled and we laughed
With Rolling River pride

Before we have to say goodbye

Let's come back as one
The summer fun is not done
And although it's short and unfair
We're always gonna be there

At our summer home
No matter how far we'll roam
And through all that we have been through
We'll always live 10 for 2

We'll always remember- you
Yeah, hey, yeah, yeah
We're better as White with Blue

BLUE SURFERS CHEER

"Losers Like Me" By Glee Cast

Blues here surfin' down the river
Our waves, crashing down on you
Impossible to beat the blue
Surfers it's time for us to hang ten
Get set, a wave is coming round the bend
No time for black dia-mond

Blues dropping in to win this color war
White is out of sight (that's right)
A-pa-che rope burn and brigade
So much more
Blue surfers it's our time (to shine)

Let's ride the wave perfect tens all around
For everyone to see
Surfers winning every game we dont wipeout
Who you wanna be
Got our boards, we're hangin loose, you can't confuse
This year will be
Blue team's clean sweep
Surfers victory
Surfers victory

Blue, we're gnarlier to-ge-ther
This year, we'll be making history
Shreddin' to a victory
Dove in to pick up all the pennies
Yeah we dominated tug of war
Go ahead and check the score

BLUE SURFERS MARCH

"White Flag" By Bishop Briggs

Whites been hit, check the score, check the score
Surfers are back for more, we're back for more
Rode the wave to victory
No snow here just clear blue sea

Avalanche knocked you down, to the ground
Sent the sharks after you, don't look down
The rivers covered in black ice
Caution here so don't think twice

Cruise, glide
Waves are going up
Surfers not afraid of a Black Diamond
Cruise, glide
Waves are going up
Have you had enough?

Oh-oh-oh-oh-oh

In twenty-twenty-five
Weathers been on our side
The scores are in
Blue came to win, came to win, came to win, came to win
You don't stand in our way
Hist'ry was made today
So say good-bye
To the white, to the white, to the white, to the white

Whoa, whoa, whoa, whoa
Whoa, whoa, whoa, whoa

Trophy's coming back to blue, for round 2
Cause we're still standing, if you only knew
Whites caught in the undertow
Blues current won't let you go

Point, break
There's a lot at stake
Trophy's ours to take, summer belongs to us
Point, break
There's a lot at stake
White can not relate
Oh-oh-oh-oh-oh
We'll wave our blue flags on
White skier you'll be gone
It ends tonight,
Give up the fight, give up the fight, give up the fight, give up the fight
We crossed the finish line
White you've run out of time
Blue won't be stopped
White can't reach the top, reach the top, reach the top, reach the top
Whoa, whoa, whoa, whoa
Whoa, whoa, whoa, whoa
Cruise, glide
Waves are going up
Have you had enough? Oh-oh (3x)
Oh-oh-oh-oh-oh
In twenty-twenty-five
Weathers been on our side
The scores are in
Blue came to win, came to win, came to win, came to win
You don't stand in our way
Hist'ry was made today
So say good-bye
To the white, to the white, to the white, to the white
Whoa, whoa, whoa, whoa (Wave our blue flags on)
Whoa, whoa, whoa, whoa (White skiers you'll be gone)

BLUE SURFERS ALMA MATER

"Somewhere Only We Know" by Keane

As summer days begin to fade
Each lasting memory will carry our name
With laughter, love and River Pride
It's not the same without white by our side

Gave it our all throughout the war
Lucky to have a place that's worth fighting for
Let's join the flags to reunite
A bond so strong no matter who's blue and who's white

Two teams unite, the war is done
Though once divided we are thankful to be one
This is our place, our summer home
This is the place where no one feels a-lone

Not ready to say good-bye
We feel the magic in the air by the river side
As tears are shed and shirts get signed
Wishin' that we could make this summer last a lifetime

Our flags fly high, they're soaring white and blue
Thankful for each day, live 10 for 2
This is not the end, it's the beginning
The river keeps rollin'
Here's to year thirty-three
Down at R-R-D-C

Gave it our all throughout the war
Lucky to have a place that's worth fighting for
Let's join the flags to reunite
A bond so strong no matter who's blue and who's white

When summer ends, our hearts will remain open
Mem'ries made and bonds are never broken
Your friendships left a footprint on all our lives
We're better together
Blue and white forever

Oh-oh-oh
Oh-oh-oh

This is not the end, it's the beginning
The river keeps rollin'
Here's to year thirty-three

Thank you R-R-D-C
